

Instructions for making Flash Cards for Word Clues Lesson 1

1. You will need 41 note cards. You may take regular sized note cards and cut them in half.
2. Number each one of your flash cards. Put the number in the bottom, right hand corner and number them from 1-41, so that you have note cards in numerical order.
3. On the front side of the card you will write the root, prefix, suffix, or derivative.
4. On the back of the card, you will write the part of speech (derivatives only) and the definition
5. Highlight the root, prefix, and/or suffix in each derivative. The number next to the root, prefix, and/or suffix identifies how many words will have that root, prefix, and/or suffix.

Front of Card

Back of Card

Anthrop  
1

Man or  
Mankind

Phil  
2

Love

Miso  
3

Hate

anthropophobic  
17

one who fears  
man  
(n)
